Pollution Prevention Institute

133 Ward Hall • Manhattan, Kansas 66506 • 800-578-8898

In the past, have you tried finding alternative uses for any of your facility's waste streams? Were you successful? What obstacles did you face?

Have you recently completed any projects to reduce waste or water use at your facility? If so, would you like assistance estimating environmental and cost savings?

The undersigned requests technical assistance from the Pollution Prevention Institute (PPI) of Kansas State University. It is understood that such assistance will be provided free of charge, and that there is no obligation to reimburse PPI or its staff for providing such assistance.

Upon request, the PPI staff will be provided operating data and other such information as may be reasonably requested during the period of service. The data will be considered confidential and will be treated as such.

In consideration of this assistance, provided without cost, the undersigned organization releases Kansas State University, the State of Kansas, and their agents and employees, from any and all liability for personal injury or property damage, including liability based on negligence, arising out of the performance of this agreement. In addition, the undersigned organization agrees to indemnify, defend, and hold harmless the State of Kansas, Kansas State University, and their agents and employees from and against any and all actions or causes of action claims, demands, liabilities, loss, damage, injury, cost, or expense of whatever kind or nature for injuries to or the death of any person or persons, or damage to or loss of property alleged or claimed to have been caused by or to have arisen out of or in connection with the performance of this agreement.

The information below and any subsequent data to be provided are for the purpose of evaluating a request for technical assistance and are considered to be confidential. No persons outside PPI are provided this information without the undersigned's consent.
