

AGENDA

March 4, 2014, 9:00 a.m. - 12:00 p.m.
Air Emissions Reduction Opportunity (AERO)
For Collision and Vehicle Repair Specialists
 National Center for Aviation Training
 4004 N. Webb Road
 Wichita, Kansas 67226

8:30 a.m.	Student Center	Registration open (refreshments available in cafeteria)
9:00-9:10 a.m.	Auditorium	Welcome and introductions – Wichita AERO program <i>Barb Goode, SBEAP</i>
9:10-9:30 a.m.		How will ozone regulations affect my business? When will Sedgwick and surrounding counties have to join Kansas City and other metropolitan areas to comply with regulations to reduce VOC emissions? How much will it cost? <i>Randy Owen, Air Quality Program, City of Wichita</i> <i>Nancy Larson, SBEAP</i>
9:30-10:00 a.m.		Reducing volatile organic compounds (VOCs). Learn low- and no-cost tips to reducing VOC emissions. What’s new in low-VOC solvents? Learn if a solvent reclaimer is right for you. <i>Barb Goode, SBEAP</i> <i>Jerry Fox, Spray Equipment</i>
10:00-10:10 a.m.	Break (refreshments available in cafeteria) Note the rest of the agenda focuses on facilities with painting/coating operations.	
10:10-10:35 a.m.	Auditorium	Reducing VOCs from painting operations. What equipment is available? Learn the latest in spray application and gun cleaning equipment. <i>Jerry Fox, Spray Equipment</i> <i>California EPA video</i>
10:35-11:20 a.m.		Converting to a waterborne spray painting operation. What are the advantages and disadvantages? <i>Alan Craighead, LKQ Corporation</i> <i>Atlanta, Georgia</i>
11:20-12:00 p.m.		Increase transfer efficiency by improving your spray application technique. Test your skills on a VirtualPaint® training system. <i>Rodney Ganzer or Brandon Hunt, NCAT</i>

Incentives offered to attendees:

- Paint certification training from NCAT at a discounted rate. Assists with meeting a requirement of EPA’s “6H rule” (affects some auto collision repair shops).
- No charge for a side shelf (\$199.00 value) with a purchase of a Bonny Marlin enclosed gun washer.
- Free consultation from the Kansas Small Business Environmental Assistance Program (SBEAP) regarding air and hazardous waste management regulations.

SBEAP services, including this event, are paid for (in part) by the Kansas Department of Health and Environment.
